

# CeraLash Lift – LVL – only better!

## **Consultation**

Please ensure you let us know if you have any medical conditions or allergies prior to treatment, particularly:

Heart condition, cancer, epilepsy, tumours, diabetes, pregnancy/breast feeding, thrombosis/Phlebitis, Botox/collagen (2 weeks), inflammation/infection or skin diseases, semi-permanent makeup/microblading (2 weeks), asthma, glaucoma, eye surgery (2 years), watery eyes, twitchy eyes.

## **Before your treatment**

Patch test required 72 hours prior to first treatment and repeated if a break of more than 6 months since your last treatment or a change in medical condition/history which warrants a repeat test.

Do not wear waterproof mascara for 24 hour prior to treatment and no eye make up on the day.

Avoid applying any oily products around the eyes.

Remove contact lenses and bring your glasses.

Do not arrive for your appointment with a developing spray/cream tan.

Bring your patch test card with you if you did a home-patch-test

### **After your treatment**

Do not get your lashes wet for 24 hours.

Avoid steam, saunas and swimming for 48hours.

Avoid wearing contact lenses and touching your lashes.

Do not use lash curlers.

Ensure lashes are not disturbed or manipulated into different positions for 24 hours (when sleeping, cleansing the face, applying cosmetics/moisturiser).

Avoid direct sunlight and chlorinated water which will fade the tint.

Avoid touching the lashes for 24 hours.

Use a lash conditioning serum twice daily.

Repeat the service no more than every 4-6 weeks.

Avoid direct sunlight and chlorinated water which will fade the lashes.
